## NOTIFICATION

The 1st May 1875.—Under the provisions of Section 2 of Act V (B.C.) of 1873, the following plan for extending gas-lighting to certain portions of the town of Howrah is published for general information:—

1. The portions of the town to which it is proposed to extend the lighting are that portion of the grand trunk road which lies between Ramkristopore Ghant Road and Bishop's College Road, Seebapore Ghant Road, and Ghoobery Road. The total length of these roads is 2½ miles, and the number of lamps proposed to be erected in them is 75.
2. The total valuation of buildings and lands situated in these streets is Rs. 1,61,363, and a rate of 3 per cent. would yield an income of Rs. 4,840 per annum, which gives an average of Rs. 64 per lamp for defraying the cost of lighting. A communication has been received from the Oriental Gas Company agreeing to accept this sum in payment for supplying gas.
3. The cost of purchasing and erecting the lamps is estimated at Rs. 4,125, and thus sum the Municipal Commissioners propose to provide from their general fund during the current official year.

PUBLIC WORKS DEPARTMENT.—BENGAL.

DISTRICT ROAD FUND.

NOTIFICATION.

No. 482.

The 6th May 1875.

Under Section 89 of Act X of 1871, the following annual accounts and reports of the District Road Committees of Cuttack, Poree, and Balasore, of works done and in progress during the past cess year 1873-74, together with the review thereon by the Commissioner of the Orissa Division, are published for general information.

G. F. E. S. Neill, Captain, M.C.C.,  
Offy. Ass't Secy. to the Govt. of Bengal, P. W. D.

No. 482, dated Cuttack, the 2nd December 1874.

From—John Brans, Esq., Collector of Cuttack,  
To—The Commissioner of the Orissa Division.

I HAVE the honor to submit the annual report on local improvements in the Road Cess Department, called for by Government circular No. 51, dated 8th August.

The report is overdue, but I trust the delay will be excused in consideration of the numerous calls on my time during the last few weeks.

The annual accounts and explanations already submitted with my No. 485, dated 12th ultimo, will illustrate the following remarks, and show at a glance what has been the work of the year.

The extra establishment entertained for the preparation of statistical returns will not be a permanent charge on the funds, as the work was of an occasional nature, and will not require to be done again for some years.

Under the head of original works, I have to report the construction of several culverts on the Machgaon road, and the erection of a handsome and substantial iron girder bridge over the Gubri river, at Kendraparapah, where the road to Chandhabali crosses it. This is justly regarded by the Committee as a very important work, as it removes what has long been a serious obstacle to traffic on one of the principal arteries of the district.

The Chandhabali road in the first 15 miles having become uneven and overlaid with sand-grit from the river Mahanuddy, the Committee, acting on the advice of the District Engineer, have commenced a reconstruction of the road, which will remove the inconvenience complained of. The reconstruction is of so thorough a nature as to amount to an original work.

Village roads have been constructed in several parts of the Cuttack, Salepare, Kendraparapah, and Jajpore thanas. These works are very petty in their nature, and are confined to the lines of old village paths. Their utility is not to be measured by their extent, however, as often an expenditure of Rs. 100 has sufficed to restore communication where it had become totally impracticable. It is gratifying to be able to report that in some instances native gentlemen have come forward to undertake these works, and their execution has been found to be economical and satisfactory. Baboo Gopal Prasad Mittin, Gatra Charan Choudhury, and Nabin Chandra Das, in the Sudder sub-division, and the members of the Road Cess Branch Committee of Jajpore, have done good service in this respect.

A nursery garden has also been established at Chauliaganj, on a piece of waste land, the property of Government. This garden is irrigated from the Taldunda canal; and a large supply of seeds was received from the Botanical Garden at Howrah. The seeds have come up well, and, together with several hundred seedlings of forest trees indigenous to the district, have been planted out in beds.

The garden now contains about 30,000 young plants. About two miles of avenues have been planted out along the Taldunda road, and plants are sold to other departments. This garden will, it is hoped, soon become self-supporting by the sale of surplus trees, and the roads throughout the district will be lined by avenues, which are much required at present.

Under the head of repairs there is nothing special to notice. Thirteen district roads have been kept in repair during the year, and are in fair order. In a district where there is so much water communication, more roads are hardly required.

The Chota Bramhani river at Puttumundie having silted up, much inconvenience was felt, as there is a great deal of boat traffic in that river. The Committee therefore expended a small sum on deepening the shoal, thus enabling boats to pass.

The Chandbully road will, it is feared, always remain a cause of anxiety. Its length, and its liability to be breached in many places, make it a heavy charge on the district funds. It would seem that a work of this magnitude, constituting as it does one of the chief trade and pilgrim routes of Orissa, would more appropriately be dealt with as a provincial work, and the Committee hope that the time is not far distant when the Government may see reason to relieve them of this heavy burden. It is not saying too much to assert that if the whole of the revenues of the Road Care Committee were devoted to this road alone, they would hardly suffice to keep it in thorough efficiency.

I am glad, in conclusion, to be able to report that many of the members of the District and Branch Committees have heartily co-operated with me, and that the establishment under the Committee has worked excellently during the year.

*Explanatory Notes.*

(a) The figures given in this column have been taken from the revised estimates passed by the Road Cess Committee on the 18th November 1873, and approved of by the Commissioner in his letter No. 385, dated 22nd *idem*.

■ These two ferries have been transferred to provincial service from April 1874.

(e) The receipts on this head have exceeded the amount estimated in the budget, because the realizations on account of staging bungalow fees and refunds, &c., happened to be more than what was anticipated.

(D) The extra clerks were appointed to prepare the statistical returns,—*vide* Board's order communicated in Commissioner's letters Nos. 397, 52, and 98, dated 9th December 1873, 6th July 1874, and 29th September 1874, respectively. Supplementary allotment was made for them from the "Reserve," there being no special grants in the budget for it.

(D1) The clerks were appointed to register the road cess chalans in the Tawjih Department under Section 16 of the rules, and paid from the road cess funds, agreeably to Accountant General's order, the amount having been met from the "Reserve."

(E) Rs. 4,686 were provided for in the budget under the head of Miscellaneous, for adjustment of road cess charges incurred from provincial-fund, but it has been transferred to these heads agreeably to Controller's No. 2889 of 9th March 1874.

(EI) Accountant-General's order for adjustment of certain items was received after the submission of the budget, which adjustment was made during the year, though not provided for in the budget: hence the excess of Rs. 372-10-6.

(F) Rs. 5,000 were first sanctioned, as per budget estimate, and Rs. 808 transferred from Reserve,—*vide* Commissioner's letter No. 412, dated 19th January 1874.

Balance	8,712 0 0

(H) Rs. 6,450 were sanctioned, as per budget estimate, and Rs. 1,000 added to this sum, as proposed in this office No. 332, dated 19th June last, and sanctioned by the Commissioner in his No. 40, dated 1st July last.

(I) Rs. 500 were sanctioned, as per Commissioner's letter quoted above, but the amount being insufficient, a further sum of Rs. 977-2-3 was expended out of the "Reserve," in anticipation of Commissioner's sanction applied for in this office No. 482, dated 12th instant.

(J) There was no allotment for this road in the budget. Rs. 800 were sanctioned by the Commissioner in his letter No. 40, dated 1st July 1874, and approved of by the Committee.

(K) Rs. 4,700 were sanctioned in the estimate for this road, from which Rs. 1,212 have since been transferred for reconstruction and improvement of the Chandbally road; approved of by the Commissioner in his letter No. 93, dated 21st September 1874.

(L) Rs. 3,700 were first sanctioned in the budget, and Rs. 1,212 were received by transfer from Rs. 3,535 placed in the "Reserve," as stated in paragraph 10 of this office letter No. 332, dated 19th June last, and approved of by the Commissioner in his letter No. 48, dated 1st July 1874.

(M) Rs. 1,800 were allotted, as per revised estimate, and Rs. 500 received by transfer,—*vide* Commissioner's letter No. 94, dated 21st September 1874, as stated in note G.

(MI) Explanation regarding the excess expenditure of Rs. 141-11-7 on this road has been called for from the District Engineer.

(N) Rs. 550 were allotted in the estimate, and Rs. 1,000 added to it for constructing bridges on this road, as stated in this office No. 332, dated 19th June, and sanctioned by the Commissioner in his letter No. 48, dated 1st July 1874.

(O) Rs. 100 were allotted in the estimate, and Rs. 700 again transferred to this road,—*vide* Commissioner's letter No. 48, dated 1st July last.

(P) The original allotment was Rs. 200, which, being insufficient for the work, was supplemented by an additional allotment of Rs. 90, transferred from "Reserve," as reported to the Commissioner in this office letter No. 356, dated 1st July 1874.

(Q) No allotment was made for this purpose, but according to the District Engineer's letter No. 1442, dated 10th December 1873, copy of which was forwarded to this office with Commissioner's memorandum No. 397, dated 17th *idem*, Rs. 781 was given out of the "Reserve," the work being urgent.

(R) An allotment of Rs. 7,103 was provided for in the budget in this head, and Rs. 3,535 added to it out of Rs. 8,325, provided for in the budget for Department Public Works establishment, as stated in this office No. 332, dated 19th June 1874, and approved of by

the Commissioner in his letter No. 48, dated 1st July last. Out of the total Rs. 10,729 above shown, Rs. 5,417-5-3 have been transferred to the following roads, &c.—

	Rs. A. P.
Constructing a bridge over the Gabri nullah	606 0 0
Janggutangpore to Jeypore road	90 0 0
Koren establishment	1,306 14 6
Deepening about in the Chota Bramoni	721 0 0

Ditto ditto furniture	262 4 6
Tools	156 11 0
Outcast to Taldunda road	1,248 0 0
Total	<u>5,417 5 3</u>

(S) This includes Rs. 30 on account of last year's pay not drawn during that year. Rs. 100 have been paid on account of this year's salary, and Rs. 20 remain to be paid.

(T) This adjustment was made agreeably to Accountant-General's order, which was received after the submission of the budget, and consequently no provision was made for it.

(U) There was no allotment in the budget for this bungalow, as it was made over to this department after the submission of the budget. The amount was therefore paid out of the "Reserve," as ordered by the Commissioner in his letter No. 433, dated 5th March 1874.

(V) The original allotment amounted to Rs. 1,080, which was supplemented by another of Rs. 729, as per statement submitted with this office No. 382, and approved of by the Commissioner in his No. 44, dated 1st July last.

(W) No provision was made in the budget for this purpose. Rs. 154 paid out of the "Reserve," in anticipation of Commissioner's sanction, applied for by this office No. 482, dated 19th instant.

The sum of Rs. 8,315, provided for in the budget estimate for Department Public Works establishment, not being required, was transferred to the following heads,—see Commissioner's letter No. 48, dated 1st July 1874.—

	Rs. A. P.
Mettaling Taldunda loop road	900 0 0
Constructing bridges on Dajipore and Biujl	1,000 0 0
Bridges on Kendraparab loop road	700 0 0

J. ARMSTRONG, C.I.E., Collector.

ROAD COUNCIL OFFICE, POOREE, the 30th October 1874.

No. 176, dated Pooree, the 30th October 1874.

From—J. S. ANDERSON, Esq., C.A., Collector of Pooree,  
To—The Commissioner of the Orissa Division, Cuttack.

I HAVE the honor to submit the local improvement report for the year ending on 30th September 1874, and the annual return of the Road Cess Department for the same year.

2. The aggregate receipt of the year under the several heads amounted to Rs. 32,853-14-5, viz—

	Rs. A. P.		Rs. A. P.
Under Contract of Public Works Accounts*		Cess on land	19,966 7 5
No. 10020, of the 18th October 1873	6,000 0 0	House cess	32 2 6

Total	13,159 4 0	Total	32,853 14 5

3. The total expenditure amounted to Rs. 15,986-10-5 at the end of the year. The details of expenditure were as follows:—

	Rs. A. P.
Office establishment...	2,454 7 7
Contingencies	672 2 0
Original works	9,188 11 6
Repairs	5,031 4 6
Field establishment	120 0 0
Repairs and construction of village road...	570 0 0
Total	15,986 10 5

4. The establishment consisted entirely of clerks and servants employed for the purpose of road cess collection and preparing statistical tables, called for by Government order No. 2400 of 22nd August 1873.

5. The original works carried out during the year under report are as follows:—

- (1) Remodelling Khoordah and Pipili Road.
- (2) Constructing road from Balungan to Banpore.
- (3) Remodelling and repairing the Satyabadi bridge.

(a) *Remodelling the road from Khoordah to Pipili, 14 miles.*—This road was originally constructed out of the district road fund, and owing to its importance, it was subsequently made over to the Public Works Department. It was constructed somewhat roughly, and was partially bridged. When the Road Cess Act came into force, this was taken up as one of the local roads, and it was resolved to complete it as a bridged but unmetalled road, and accordingly an estimate for Rs. 9,864 was sanctioned for this work. Nine-tenths of the other work and turfing have been completed, and about half the number of culverts. The Executive Engineer reports that the overseer in charge of the works having been removed in March to the famine districts, and another having died in August last, the work has not made quite so much progress as it would otherwise have done. The flood of August last having also burst the Dyrah river embankment, a considerable breach and damage were made to the first six miles of the road, but this has since been repaired. The Executive Engineer expects to finish the work of this road by the end of May next.

(b) *Construction and completion of the road from Bolgar to Banpore, 3½ miles.*—This work was stopped for several months, owing to a desire to substitute culverts for the numerous causeways and irrigation openings it was found necessary to leave in the way; but as the expense of constructing bridges was greater than was expected, it was determined to finish the road as originally sanctioned, and accordingly the stone collected for metalling the sloped water channel has been spread, and the work has been completed.

(c) An old bridge crossing the local road leading to Satyabadi had partially given way, and very great inconvenience was in consequence felt by the passengers and numberless pilgrims who frequently pass by that road. It was therefore resolved by the Road Cess Committee to repair and make certain alterations in the old bridge, and the work was accordingly taken up.

The amount expended to the end of the year amounts to Rs. 1,314. It is nearly completed; there remain now the parapets and some revetment work to be done, which will be finished by the end of 1874.

6. The following roads have been completely repaired during the year under review. The amount incurred in repairing each of them is set forth against each item:—

	Rs. A. P.
1. Khoordah and Kantilli road	1,642 8 7
2. Baghman and Bolgar road	646 2 13
3. Baghman and Madhab road	596 0 6
4. Delang bridge	268 7 8

7. Some lines of country have been surveyed with a view to ascertaining the best route to be adopted when it is required to frame estimate for new roads with funds which may hereafter be available for the same. The details of the surveys made are given in the appended list.

8. The sum expended in the village road works undertaken this year amounts to Rs. 570. Of this sum Rs. 70 were expended in repairing the under-mentioned roads at the cost noted against each, and Rs. 500 were paid to the Sub-Committee of Khoordah for repairing the following roads, viz —

		Rs. A. P.
1	Fukirkpara village road, pargannah Kotihda	50 0 0

\* The debt has been called for. The detail given in Vice-Chairman's No. 100 of 12th March 1875.

No. 125A, dated Cuttack, the 17th December 1874.

From—T. E. RAVENSHAW, Esq., Commissioner of the Orissa Division,

To—The Secretary to the Government of Bengal, Public Works Department.

I have the honor to submit the annual report on local improvements of the Orissa Division for the year 1873-74, as required by Government circular No. 61, dated 8th August 1874.

2. District reports and returns for the year 1873-74, in form prescribed in circular Behar report is not sent, being too meagre. order No. 4952, of 24th September 1872, are also herewith submitted in original, for publication in the Calcutta Gazette, under Section 69 of the Road Cess Act.

3. The annual receipts and disbursements of the three districts of Cuttack, Pooree, and Balasore, for the year under report, are shown in the subjoined table.

4. In the Cuttack district the Collector's report is complete, with the exception of the information required regarding works proposed to be done during 1874-75. This has been remedied in my office, and extract from the estimates for 1874-75, as passed and approved, is appended. The unexpended balance is considerable, and will supplement the assets for 1874-75. I shall expect that the ensuing year's estimates will be worked up to

5. District and Sub-Divisional Committees have given constant and careful attention to business, and have been judiciously presided over by magisterial officers. The assistance afforded by several estimators in the construction of village roads is very encouraging.

6. In the Pooree district also, there is a very considerable unexpended balance. I trust this will not be allowed to recur. The Magistrate's report and statement are complete.

7. The Committee at head-quarters have met regularly, and have been precise and efficient in the conduct of business.

8. In Khorda the Committee does not appear to have been sufficiently consulted by the sub-divisional officer, though the list of works in hand during the year appears to have been for the most part completed. It is important that Sub-Divisional Sub-Committee should be constantly consulted and led to take interest in local improvements.

9. The Balasore district report is exceedingly meagre, though the year's estimate has been better worked up to than in Cuttack or Puri. The unexpended balance is Rs. 3,046-10-1.

10. No original works were undertaken, and the expenditure shown under that head was for acquisition of land. I have ascertained that repairs were efficiently carried out on 21 district roads, and Rs. 412-4-0 was expended on village roads.

11. I shall in future years hope to see a larger amount devoted to village roads, so that the people may see works for which they pay or are brought as much as possible to their doors.

12. The Russoz Committees have worked efficiently, and given attention to, and taken interest in, business brought before them.

### ACCOUNTS.

No. 519.

*Simla, the 13th May 1875.*

His EXCELLENCY THE RIGHT HON'BLE THE GOVERNOR-GENERAL IN COUNCIL has resolved to borrow two crores and fifty lakhs of rupees for the public service in the manner following :—

2. Promissory Notes will be issued for the said amount, bearing interest at the rate of four per centum per annum. The form and conditions of these Notes will be those of the Notes of the Transfer Loan of 1st May 1865, of which loan they will form a part. No Note will be issued for less than five hundred rupees, or for any amount not being a multiple of one hundred rupees. The Notes will be payable to order, and interest thereon will be paid half-yearly, on the 1st May and 1st November in each year.

3. Notice is hereby given that tenders will be received by the Comptroller-General at Calcutta from this date to noon of Wednesday, the 16th June next, for the whole or part of the above-named sum of two crores and fifty lakhs of rupees.

4. Each tender must be addressed, in the form annexed to this Notification, to the Comptroller-General, Treasury Buildings, Calcutta, and enclosed in a sealed cover superscribed "Tender for Loan".

5. Tenders will be opened at the Office of the Comptroller-General in Calcutta at noon on Wednesday, the 16th June next.

6. The amounts of accepted tenders must be paid in five equal instalments, on the following dates—

One-fifth on the 1st July 1875.  
One-fifth on the 2nd August 1875  
One-fifth on the 1st September 1875  
One-fifth on the 1st October 1875.  
One-fifth on the 1st November 1875.

Payment of any instalment except the first will be accepted before the due date, but not before the 1st July next. Interest upon the amount of each instalment paid before the 1st November next will be paid in advance, from the date when such instalment is received to the 31st October next.

7. Payment may be made to the account of the Government in one of the Presidency Banks of Bengal, Madras, or Bombay, or into any Government treasury or treasuries in India that may be named in the tenders.

8. Each tender must be accompanied by a receipt from one of the Presidency Banks of Bengal, Madras, or Bombay, or from an officer in charge of some Government treasury, or by a cheque on a banker in Calcutta, Madras, or Bombay, or by Government Promissory Notes duly endorsed to the Comptroller-General, for a sum of not less than one per centum on the amount for which tender is made. This deposit of one per centum will be considered as in part payment of the last instalment; it will be forfeited if the allotment is not fully taken up. A cash deposit may, after allotment, be exchanged for a Government Promissory Note.

9. Scrip receipts for instalments paid will be given by the Presidency Banks of Bengal, Madras, and Bombay, or by the officers in charge of the Government treasuries at which payment is made. These receipts will be exchanged for Promissory Notes as soon as possible.

10. The minimum rate at which tenders will be accepted will be recorded under the signature of the Comptroller-General, and declared before any tender is opened. The rate stated in a tender must not contain a fraction of an anna. ■■■ a rate containing a fraction of an anna is inserted in any tender, such fraction will be struck out, and the tender treated as if the rate did not contain such fraction of an anna.

11. Tenders at the declared minimum rate, and at rates above the declared minimum, will be accepted in the order of the rates tendered, beginning with the highest rates. The amount allotted at the lowest rate at which tenders are accepted will be divided amongst those who have tendered at this rate, in proportion, as nearly as may be found convenient, to the amounts of their tenders.

12. The names of the persons whose tenders are accepted in whole or in part will be posted for general information at the Presidency Banks of Bengal, Madras, and Bombay.

By order of the Governor-General in Council,

R. B. CHAPMAN,  
Secretary to the Govt. of India.
